Ben Kemmer
CEO
Florida Keys Children's Shelter, Inc.
73 High Point Road
Tavernier, FL 33070

Dear Mr. Ben Kemmer:

It is our great pleasure to inform you that the Council on Accreditation (COA) has approved the accreditation of **Florida Keys Children's Shelter, Inc.** through **July 31, 2024**. Let me again say how significant this achievement is! It represents the fulfillment of countless hours of hard work and the dedication of many people—most notably your staff and the members of your board and/or leadership. Please extend my congratulations to them.

This formal notification includes a list of programs and services for which **Florida Keys Children's Shelter, Inc.** is accredited, as well as your Final Accreditation Report (FAR). A plaque attesting to your agency's accredited status will be sent to you shortly.

Your Final Accreditation Report (FAR) is an important and incredibly valuable document. It contains the observations and recommendations of your Peer Reviewer colleagues based on your self-study and site visit. In essence, the FAR provides a unique view of your organization as seen through the eyes of highly experienced professionals. In it you will find a copy of the full accreditation ratings for all Purpose, Core, and Practice standards, identifying the Fundamental Practice standards. It may also contain any noted organizational strengths and areas for opportunities.

Please refer to the Promotional Tool Kit web page to find resources that can assist you with leveraging your organization's COA accreditation to internal and external stakeholders.

Private: <http://coanet.org/accreditation/private-organization-accreditation/promote-your-accreditation/>

Public: <http://coanet.org/accreditation/public-agency-accreditation/promote-your-accreditation/>

Canadian: <http://coanet.org/accreditation/canadian-organisation-accreditation/promote-your-accreditation/>

At the very least, however, we recommend that you provide relevant excerpts to those members of your staff who are directly responsible for the respective findings. Should you do so, please explain that the report is intended to be *constructive*, and that the goal is to provide specific, tangible examples of how they can make your organization even stronger and even better.

Having said that, you should know that those ratings for which you did not demonstrate implementation should be addressed through your PQI process.

Even though they did not require correction in order to achieve accreditation, they will be made a part of your file and reviewed during your next accreditation cycle. Remember, COA accreditation is not an end in and of itself. Rather, it is a process by which your organization can consistently strive for and achieve new levels of excellence.

Finally, let me say that your relationship with COA does not end with this letter. Ours is a partnership. As such, I would ask that you feel free to share with me your ideas and concerns. Additionally, please feel free to contact Tobi Murch, Director of Volunteer Engagement, either by email at tmurch@coanet.org or by telephone at 212-797-3000, extension 272, if you have any questions. Together we can enrich the lives of children, individuals, and families in need everywhere.

We are proud to be associated with you and your colleagues. We wish you the very best in your continuing service to persons in your community. *That is the power of accreditation.*

Sincerely,

A handwritten signature in black ink, appearing to read 'Jody Levison-Johnson', with a long, sweeping flourish extending to the right.

Florida Keys Children's Shelter Project Lighthouse	Outreach Services (OS)	

Organizational Strengths

Florida Keys Children's Shelter, Inc.
Organization ID# 2360

Administrative and Management Standards

Ethical Practice (ETH), Financial Management (FIN), Governance (GOV) or Administration & Management (AM) (for Public State Systems), Human Resources (HR), Performance and Quality Improvement (PQI), Risk Prevention and Management (RPM)

- ETH** The organization operates in a completely transparent manner. Financial statements, annual reports, COA Final Accreditation Report, and Network QI Report are available to all on its website. Fundraising takes place in an ethical manner.
- FIN** FKCS follows sound financial practices, and financial responsibilities are divided among a minimum of three people. The Board is involved in all the important financial decisions. The organization continues to diversify its funding sources, and the Development Director continues to seek new sources of funding.
- GOV** FKCS has a very active Board, and members have been staying actively involved during the pandemic. The administrators work closely with the Board and keep the Board updated on all aspects of the programs, including Finance and PQI. The strategic plan was developed with the participation of Board members, administrators and staff.
- HR** The organization values its staff. The minimum wage has been raised to \$15/hr. Exit interviews are conducted. Staff surveys show a high level of satisfaction. Staff are enthusiastic about their work and focus on the importance of these services to the well-being of children, youth and families.
- PQI** FKCS has a comprehensive PQI plan, which flows logically from the Strategic Plan. A tremendous amount of data is collected, analyzed and dispersed. All staff receive training on the importance of quality improvement, and there is a culture of quality improvement that extends from the Board to the administration and staff.
- RPM** The organization pays very close attention to risk prevention and management. The policies and practices are thorough and focus on appropriate areas.

Service Delivery Administration Standards

Administrative and Service Environment (ASE), Behavior Support and Management (BSM), Client Rights (CR), Training and Supervision (TS)

- ASE The organization has clean, well-maintained and safe facilities. Appropriate actions are taken to protect staff and clients from coronavirus. Inspections and licenses are up to date. There is an emergency response plan in effect.
- BSM The organization has very clear expectations surrounding behavior management. A restrictive intervention has not been done in 24 months, which is wonderful! The staff clearly adhere to and follow the policies regarding behavior management, and the children are responding to the strategies.
- CR The organization takes the rights of the children very seriously. Its Client Rights policy is thorough. The Client Rights is posted throughout the living areas and explained to clients in detail at admission.
- TS Training and supervision are a priority for the organization. Staff are required to have at least 80 hours of training before they even begin working with the children. Training plans are developed annually, and documentation is clear.

Service Standards

- CSE Four very dedicated staff provide counseling services to families and youth in schools, in the homes and at the Jelsema shelter. The counseling aims to divert youth from the juvenile justice system and help maintain youth in school. The counselors also provide referral to other services needed to promote the well-being of the child and the family.
- GLS The GLS program focuses on the needs of the children and offers quality services. The staff work with various referral sources and agencies, and they do a good job of meeting regulations and expectations. The House Parents are committed to the work; they are positive and passionate about helping children.
- OS The importance of this type of service cannot be overemphasized. The Project Lighthouse not only provides immediate relief to homeless youth by way of food, hygiene, medicine, referral and connection with others, but also advocates for homeless youth in the community; now there is even a youth advisory committee so members can impact each other and the community. The Project Director's passion remains very high after many years in the position.
- SH The staff in the shelter program are doing a wonderful job. They work with youth of different ages and background, and their passion for the mission is obvious. The programming is diverse. With COVID, the staff have had to re-adjust the day-to-day programming, and it has been going well. They are working with not only the shelter

youth, but also children in the community to address their educational needs. The staff are to be commended.

AREAS FOR OPPORTUNITIES

The following ratings have not been fully implemented and we ask that you address them through your PQI process. Even though these standards did not require correction in order to achieve accreditation, they will be made a part of your file and reviewed during your next accreditation cycle. We request that you begin demonstrating implementation on all of the below standards before your next accreditation cycle.
